This newsgroup is not intended to be yet another watering-hole for persons posting in the characters of their favorite role-playing games. Rather, it is intended to discuss the impacts of real vampirism on real people (and real vampires), in real lives. If you are seeking a forum directed more to the mythological, literary, television, film, or role-playing world of vampires, please see section IV.13 where you will find a directory of vampire-related newsgroups which may be more to your tastes.”*

In embodying and balancing these truths in ourselves, we then become catalysts that facilitate the same process of transformation in the world around us. We are advocates of both tolerance and diversity. *“The Order of the Vampyre is an Order which embraces the concepts of Vampyric Presence as a means to personal power and potential Immortality. Vampyrism is a unique Black Magical condition that in and of its very nature requires a Posture, which enables a natural and effortless exchange of Power from the lesser to the Greater. In normal communication, this power is evidenced by the psychological control exerted over others. Through our Black Magic, this Power is evidenced by accessing what is known as lucid dreaming and increasingly gaining mastery over that state of Becoming which is desirable in its own right. Vampyrism goes back to time immemorial, and true Vampyrism can be traced back in many cultures around the world, and is therefore known by many different names. A true Vampyre knows that he does not achieve the Posture of Effortless Power through the mundane act of physical blood drinking. In fact to pursue such acts would mean that he did not understand his own condition, let alone Vampyric Black Magic. Through Xeper, the Word of the AEon of Set, members of this Order will strive to bring to Life those qualities and aspects of our potential which have long been considered to be dead, or latent. Communication is a cornerstone of our Work. Members of the Order will communicate effectively in order to maintain that concert which will be our collective effort.”*

The Vampiric Studies Web Site was also created so I did not have to personally send out each page to whomever wished to see it and so my online and in person students could have access to the Text Pages when I was not available to answer questions. On June 13th, 2007 Catherine, your teacher and my beloved wife, passed away after a life long battle with her illness. Her doctors (both human doctors and Night-Timer) had been telling her since the age of 15 that she was dying, but my valiant little Night-Timer proved them all wrong for over 50 years. Her enemies, I'm sure, will be thrilled at the news, just as her friends and students are broken-hearted.”*

*"Imovinn is taken from a welsh word "Ymofynn". Which means to seek or to inquire. A person on the path of Imovinn is Imovinnav, meaning seeking or inquiring. Put simply, every person has their own path their own beliefs. In Imovinn no one is wrong for thinking the way they do. Imovinn encourages new thoughts, new ideas in hopes of bringing those ideas to the rest. To help others find thoughts and ideas they might not have come across on their own. In Imovinn all are welcome. Every faith, Every belief, Every person. In Imovinn we strive, Not to reach the same goals, But to reach, Our own. In Imovinn we come together, To bring ideas. To share our Point of view. In Imovinn We seek our personal truth. It is only through education that acceptance can be achieved. Ignorance breeds fear. Fear breeds mistrust. Mistrust breeds hatred. Acceptance begins with tolerance. Tolerance begins with understanding. Understanding begins with education. Acceptance opposes hatred, Just as Ignorance is opposed by education."*

The Real Vampire Community Resource & Link Directory is a project started by the Atlanta Vampire Alliance [AVA] in 2007 and now managed by Suscitatio Enterprises, LLC. Over the years, the directory has grown and transformed based on the assistance of members of the Voices of the Vampire Community (VVC) and others in the vampire community. This latest update to the directory is owed in large part to the exhaustive efforts of Octarine Valur of House Valur who added the description, language, and location elements. Together, we have spent many hours compiling this information and we hope that you find it beneficial towards strengthening personal and community networking.

Sincerely,
